Christina Holm is the Managing Director of Holm & Associates, Inc. Most recently Ms. Holm was a Vice President with the Trammell Crow Company's Boston Project Management Team. She began her career with Trammell Crow Company in 1999 and has represented corporate and retail clients in all phases of construction and project management. This includes developing and managing budgets and schedules associated with the timely execution of commercial construction, renovations and relocations. Her responsibilities include coordinating the activities of contractors, suppliers, architects, engineers and client personnel as well as managing internal resources and staff.

As Trammell Crow Company Account Manager for Pitney Bowes and PTC, Ms. Holm has overseen numerous projects of various size and complexity. She has directed the activities of several project managers nationwide to ensure project quality and client satisfaction.
